## Our Leadership

The Education Career Alternatives Program (ECAP) has been training new teachers and guiding them through the teacher certification process since 2001. Our director, Sharon Fikes, created ECAP after 11 years as the director of Alternative Certification at the Education Service Center, Region XI.

At ESC, Region XI Sharon opened one of the first state-based alternative certification programs in Texas. Although ECAP has the distinction of being the first privately owned teacher certification program in Texas the experience and success of our Director is truly our greatest asset.

As a result, we have a teacher training program that is highly preferred by the school districts we serve and a depth of knowledge of the teacher certification process that is not available anywhere but ECAP.

### **What does highly qualified mean?**

Under the No Child Left Behind law, a candidate must be defined as "highly qualified" in order to be eligible to student teach. To meet this requirement a candidate must satisfy one of the following :

- ◆ 24 hours of college level coursework in the specified area (subject) of certification (12 hours must be at the Junior or Senior level)  
-or-
- ◆ Pass the State TExES content exam in the specified area

To Qualify for Test-  
ing and Student  
Teaching you must  
hold a Bachelor's  
degree.
